

Let us help you find **The Center for Digestive Disease.**

1

Take the Tower elevators to the second floor.

2

Make a right off of the elevator and walk through the crabs to the end of the hallway.

3

Take a right when you get to the Oriole Bird.

4

After turning right, take your first left down the next hallway. *Tip: If you've passed the yellow floor, you've gone too far.*

5

Look for the overhead sign that says **"Endoscopy Suite, The Center for Digestive Disease"**. Turn right here.
